Privacy

Acceptance of Privacy Policy

By accessing and using our website, visitors unconditionally agree to the terms outlined in this Privacy Policy concerning the protection of personal data. We strongly encourage all visitors to carefully read this policy before using any services offered on the site.

Policy Updates and Changes

This Privacy Policy may be updated periodically to reflect changes in legal requirements or our data practices. We do not provide explicit notifications for such updates. Instead, users are encouraged to review this page regularly. Continued use of the website following changes signifies your acceptance of the revised terms.

Terms of Use

By using our website, visitors agree to abide by the terms of use outlined herein. These terms apply to all content available on our website. Users who do not agree with these terms must refrain from accessing or using the website and its services.

Website Traffic Monitoring

We collect and analyze personal data related to how visitors interact with our website. This data is used to:

- Understand how users access and navigate the site
- Identify the most engaging sections
- Measure site traffic and visitor behavior
- Improve website structure and user experience

All collected data is used solely for internal analysis and enhancement of our services.

External Links

Our website may contain hyperlinks to third-party websites. We are not responsible for the content, practices, or privacy policies of these external sites. Any concerns related to third-party websites should be directed to their respective administrators. Our organization does not endorse or assume responsibility for the content or services found on linked sites.

GDPR Compliance

Our Privacy Policy and Terms of Use comply fully with the General Data Protection Regulation (GDPR). We are committed to protecting your personal data and ensuring transparency in how your information is used.

Reporting Issues

If you encounter any legal or ethical concerns regarding the content of our website, or have questions about our privacy practices, please contact us directly.

Cookies Policy

What Are Cookies?

Cookies are small text files stored on your device (computer, smartphone, etc.) that help identify your browser and store preferences or settings. They enhance your user experience by:

- Remembering preferences (e.g., language or region)
- Providing personalized content and advertising
- Facilitating access to features and services

Cookies cannot execute code, transmit viruses, or access personal files on your device.

Managing Cookies

You can disable cookies through your browser settings. However, please note that disabling cookies may affect your ability to use certain features of our website.

For help managing cookies, visit:

- Microsoft Edge
- Mozilla Firefox
- Google Chrome
- Safari

Types of Cookies We Use

- Strictly Necessary Cookies:** Enable essential functions, such as saving user input during sessions and managing logins.
- Functional Cookies:** Remember user preferences (e.g., language or location) to improve site functionality.
- Analytics Cookies:** Collect data on user interactions (e.g., pages visited, clicks) to enhance performance and design.
- Targeting Cookies:** Store information to provide relevant promotional content and tailored advertising.
- Fraud Prevention Cookies:** Help identify and prevent unauthorized or fraudulent activity on the website.
- Tracking Cookies:** Track user journeys to and through the website, allowing us to attribute visits to referring partners.
- Site Performance Cookies:** Gather anonymous statistical data to improve site layout, navigation, and content.
- Third-Party Cookies:** If you access external websites via links from ours, be aware that those sites may use their own cookies and have separate privacy policies. Please review them before submitting any personal data.

Pixel Tags and Data Collection

We may collect certain information from your browser during your visit, including:

- IP address
- Cookie ID and device identifiers
- Browser and system details
- Location and time zone
- Site navigation data (e.g., previous visits, interactions)
- URLs accessed and time of access

This data helps us:

- Improve website usability
- Monitor engagement and usage trends
- Optimize services and personalize your online experience
